 Sub-genre

Literacy development
 Narrative readers
 Emerging and early readers

My mistake here. We must include 4
 classification columns: Purpose, Area, Genre, and Sub-genre
 (we don't include Subject and Keywords)

Description

Kaselehlia Pohnpei! is a self-directed introduction to Pohnpeian language and culture. It has been specifically developed for technical assistants and anthropology students from the University of Oregon who will be working on a variety of projects on Pohnpei and who want to gain some language and cultural background before they [...]

Abstract

This book introduces Kosrae, an island in the Federated States of Micronesia, through a concise description of its geography, culture, local customs, and natural resources. Aimed at young local readers, the book includes simple illustrations that help enhance understanding and is well-suited for anyone interested in learning more [...]

Notes

- Does not conform to standard Chuukese orthography [lacks diacritics].
- Yapese translation of the original story written in Woleaian [Geeshi me Woongi]. Also available in Ulithian, Satawalese, and English book versions.
